

Seminar on Protecting Life on Earth

IQAC celebrated World Ozone Day by organising a Seminar on the topic “Protecting Life on Earth” on 15th September 2022. The programme started at 1p.m. in Conference Hall. Dr. N. Balasubramanian, Department of Geology, Government Arts and Science College, Kovilpatti was the resource person. He highlighted the importance of the Ozone Layer and briefed about the various eco-toxicological impacts of ozone layer depletion, such as its effects on our immunity, the adverse effects on terrestrial ecosystems. He also threw light on the importance of ozone layer and the adverse effects of ozone layer depletion. In the end, he talked about the various mitigation measures needed to stop ozone layer depletion and climate change. Nearly 70 N.S.S. Students attended the programme with utmost interest.
